CID LINES

Product description

Mint cream is a gentle cream to apply on the udder designed for easy massage and absorption.

Composition

Mint Cream contains 33% of Japanese oil mint.

Packaging

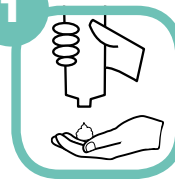

Mint Cream is available in 500 ml and 2,5 litres.

Both packages are easy to hang in the milking parlour.

Direction for use

1

Take about 10ml of Mint Cream (1 pressure) per quarter to be treated.

2

Apply the cream on the udder. Massage during 30 sec - 1 min.

3

Renew the treatment after every milking during 4 days.

**WE
MAKE
HYGIENE
WORK**

Hygiene is health. Hygiene makes all the difference in the food chain, from farm to fork. At CID LINES we make hygiene work. We combine 360° solutions with tailored advice. We go for the highest service levels and we invest in continuous innovation. This way we help our partners focus on what's key: keeping their business profitable, sustainable and most of all healthy. Because hygiene is health and health means greater wellbeing for all.
